The Icon Table was designed as a solution to display an extensive collection in a small space and without the need for a base piece like as is the case with the display stand for the series.

There are 20 slots which can each hold 3 pieces each of either the 20x20 pieces, or brick sizes.

There is a standard factory assortment of 40 pieces with the remaining 20 being selected at the discretion of the salesperson made up of missing colours and other brick items.
